ACTIVITIES AND PRODUCTS

METALLIC CONSTRUCTION

CIVIL ENGINEERING

OIL AND GAS INDUSTRY

HYDRAULICS

Carthage Industries Company

شركة قرطاج للصناعات

METTALIC CONSTRUCTION

Boilermaking

- Sand filters.
- Natural Gas Separator and Filter
- Water tank, Oil storage tank ...
- Hopper, transitional pieces
- Conveyors

Metallic Structure

- Metal frame buildings
- Metal staircase
- Unloading hopper
- Photovoltaic panel stand
- Convoyors
- Storage silos
- Various metal structures, floors and assemblies
- Single-girder and double-girder overhead cranes of different capacities.

Piping

- Piping for the chemical and petroleum industries
- Stainless steel piping
- Small and large diameter pipes for wastewater treatment plants and pumping stations

Carthage Industries Company

شركة قرطاج للصناعات

CIVIL ENGINEERING WORKS

Industrial civil engineering

- Industrial buildings
- Armored electrical substation
- Relaxation station premises

Building

- Buildings for residential use
- Buildings for commercial use

Carthage Industries Company

شركة قرطاج للصناعات

THE OIL AND GAS INDUSTRY

Work related to gas
compression stations

Gas pipelines

Water treatment station
Wastewater storage and treatment

FIRE FIGHTING network

Carthage Industries Company

شركة قرطاج للصناعات

Since its creation, Carthage Industries has continued to progress and innovate in the field of metal construction, pipelines, gas works and civil engineering works.

Metal framework, boilermaking, pipe line and gas infrastructure works are studied every day by our design office, manufactured by our workshops and installed by our teams.

Carthage Industries Company

شركة قرطاج للصناعات

Mainly specialized in design, manufacturing, assembly and assembly work of metal structures:

Metal framework, boilermaking, piping, formwork, civil engineering works, and construction and maintenance units of rotating machines mainly in the petroleum, petrochemical industry, and gas energy production fields.

Human resources

The Carthage Industries Company has a workforce of 570 permanent employees including:

- 10 engineers
- 2 architects
- 2 topographers with topography equipments
- 10 seniors technicians
- 8 Master degree
- 10 approved welders
- 10 qualified pipefitters
- 13 Machines operators
- 10 sites managers an assembly team (100 people)
- A civil engineering team (250 people)
- A team for surface treatment (10 People)
- Qualified Workers (35 People)
- Workers (100 People)

The company's workforce increases according to the needs of the projects

SCI PLANT

- Debiting unit
- Assembly unit
- Welding unit
- Finishing unit
- Surface treatment unit (sandblasting and painting)
- Stockyard

A design and method office including experienced staff and developed and appropriate software (AUTOCAD, AUTOCAD MECHANICAL, LOGITRACE, SOLIDE WORKS, ARCAD ACIER.....)

Carthage Industries Company

شركة قرطاج للصناعات

Plant equipments includes:

Conventional guillotine shear Cutting length: 4 meters Cutting thickness: 12mm Radial drill.

Conventional press brake. Plaise length: 4 meters Strength 360 Tons

Digitally controlled press brake Bend length: 4 meters

Strength 360 Tons

Carthage Industries Company

شركة قرطاج للصناعات

PLANT EQUIPMENTS

- Rolling machine Crocker with 4 digitally controlled rollers
- Band saw Parallel lathe (Punching machine)
- Plasma cutting machine
- 5 tons capacity overhead cranes
- Semi-automatic welding stations
- Arc welding stations
- TIG welding stations
- Autonomous welding groups
- PCM+ radio detection device

The civil engineering and gas pipeline department is made up of several teams working on different sites in Tunisia.

Existing Equipments Availables :

- Backhoe loaders + rock breakers
- Wheel excavators
- Tracked excavators
- Loaders
- Payload trucks 10 tons
- Road tractors + tippers
- 65 Tons tower crane
- Compressors + jackhammers
- Generators
- Concrete mixers
- ISUZU pic up cars
- Pipe drying machine
- Hydraulic benders
- Interior clamps for pipeline

شركة قرطاج للصناعات

Certifications and Approvals

Certificat

Référentiel **ISO 9001:2015**
Enregistré sous le n° **01 100 1418039**

Titulaire du certificat: **Société Carthage Industries-SCI**
Z.I. Bir Mcherga Gare
1193 Zaghouan
Tunisie

Domaine de validité: **Réalisation des travaux de pipeline**
Conception, fabrication et montage de structure métallique,
chaudronnerie générale, tuyauterie, et réalisation d'ouvrages
industriels.

Validité: **Par l'audit, la conformité aux exigences de la norme**
ISO 9001:2015 a été démontrée.

Ce certificat est valable du 02.03.2021 jusqu'au 14.12.2023.
Certification initiale 2014
a date de l'audit de renouvellement de la certification:
24. - 25.11.2020
La date de l'expiration du dernier cycle de la certification:
14.12.2020

11.03.2021
